NUMBER 21

1919 the Banner Building Year

There is every reason to believe that 1919 will witness more building and construction work than ever before seen in a single year of our national history.

Now, Mr. Farmer, get busy. Make life on the farm attractive for your boys, by erecting new buildings.

Come in and let me have a heart to heart talk. Suppose you are figuring on building a dwelling or even a chicken house. I will tell you how much lumber to use, specify the price (even furnish plans if desired) and be all the service possible.

Remember, I am headquarters for Building Material of all kinds and am in position to save you money on anything in that line.

The World moves, and he who stands still is either crushed or left behind.

good business men from each magisterial district, composed of one democrat and one republican to meet with the Fiscal Court and advise with them on the great problems that will come before them, and as a member of the Fiscal Court, it would be a great relief to me to feel that the people were backing the Court. Everybody should be interested in this, because it is for the benefit of the people. As I am your servant, I feel that you should know what is going on, in fact, you are entitled to know; when I am right I want the people to stand by me and when I am wrong I want them to be against me. I also favor that this money shall be spent in each magisterial district as the law directs. This will be fair to all people of the County. Some people are of the opinion that this money will only be spent to complete roads now under construction, but this is not true, and as further proof of this, I refer you to the Attorney General's letter, which appears elsewhere in this paper. I have the original letter on file in my office, and those who desire may see it at any time.

CAM MULLINS

ROADS THE ISSUE

Frankfort, Ky.

Feb. 13, 1919.

Judge Cam Mullins,
Mt. Vernon, Ky.

Dear Sir:

I have yours of the 10th and I must say that your court and your county are getting real progressive. I note you intend to call the election on the 15th of next month and I am sorry indeed that I will not be able to be with you, but I will try and have Mr. Johnson present. You will perhaps be able with some of your local talent to make a better impression with your citizens than you would by having some of the members of this department with you.

I will be very glad to come to your county along about the first week in March at which time we could have a road meeting, and it would be well if this is advertised so that we will have representatives from all parts of the county.

Please feel free to call upon me at any time I can be of assistance to you in carrying this election or doing other road work in the county.

I hope you will write me the results of the meeting.

Very truly,
RODMAN WILEY
Commissioner

COMMONWEALTH OF KENTUCKY
Attorney General's Office

Frankfort Ky.,
Feb. 17, 1919.

HON. CAM MULLINS,
Mt. Vernon, Ky.
Dear Sir: I gather from your letter of the 17th inst. that your county is proposing to have a special election to vote a tax not exceeding twenty cents under the Act of 1917.

I answer to your inquiry, if I have assumed correctly, the money thus raised by taxation or by levy may be used on any road in the county at the will and discretion of the Fiscal Court; provided that in the call for the election no roads are specified. If roads are specified, why then the tax levy must be used on the specified roads.

Yours very truly,
CHARLES H. MORRIS
Attorney General.

DOLLARS AND CENTS.

Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cold Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

ANNOUNCEMENTS

We are authorized to announce
HON. E. BULLOCK
as a candidate for Representative from
the Seventieth Legislative district, composed
of Rockcastle and Laurel counties,
subject to the action of the Republican
party at its primary election on
August 2, 1919.

"MARSH HENRY" WATTERSON
the last of the old school of great
American editors, has been among
the palm trees of the Sunny South
preparing his memoirs to be published
by the Saturday Evening Post and the Louisville Courier
Journal. With keenest interest
we await those memoirs, for widely
will they be read and deeply
will they be appreciated.

This grand old writer, now in the
twilight of four score years,
has touched all the 'isles and continents of thought'; has enchanted
many an audience with his splendid lectures; pleased many
a convention with his eloquence;
written many a wise democratic
platform for his party in state
and nation, and by his wonderful
editorials has enlightened the
world. There is no man living
today who can write as entertainingly
as he—always on the level,
believer in a square deal and a
fair fight—he asks and gives no
quarter.

We doff our hat and curtsey low
in profound admiration for this
great editor, who loves "Old
Kentucky", and whose people love
and respect him. To him may
the coming days bring sunshine
and nights the sweetest rest.
In good cheer may he remain as
a great gift to the nation and his
strength of body and mind be
preserved that he may be enabled
to continue his labor of love and
humanity.

COUNCIL OF DEFENSE

It has been said that as was the
Fiscal Court of a County, so was
the County. If the members of
a Fiscal Court are vigilant and
strictly enforce the law, solicit
and accept the aid of all citizens,
they will be able to help peace to
reign supreme in the County, and
justice to be meted out to

every one. The laws are sufficient
to improve conditions in all sections
of the State if rigidly enforced.

The financial part of their office
is of vital importance; and trans-
actions for the County should be
conducted along the same busi-
ness lines that a good financier
would transact his private business.
The business of the County should be
carried on in a way that all the
taxpayers would know that their
personal interests are being looked
after in a way to make the
money expended for taxes give
them their legal pro-rata of same.
The tax payers of this and all
other counties are entitled to have
their money invested in the same
business like manner that banks
or other business institutions re-
quire to make their business a
success, and when the attitude of
any Fiscal Court is such as to
leave any doubt as to their intentions
of the expenditure of County
money, a discord will arise that
will handicap any progress that
a county should desire to make,
and in view of the fact that we
have State aid for roads assured,
and as the letter from our
Congressman indicates, we have as
assurance of Federal aid, we hope
there will be no discord between
our Fiscal Court and the taxpay-
ers, and that the road tax election
will be carried by an overwhelming
majority.

William R. Doan, of this place,
who for the past four years has
been in the Army has just returned
home on an indefinite furlough.
Within three days after his return,
he purchased the livery outfit
of John Clontz's and went to work.
We feel that he deserves
special mention for going so quickly
to work again, and hope that
more will do likewise.

The other drayman, Walter
Henderson, is also one of the boys
who did his bit, had several months
service and on his return home
promptly went to work. We ask
for both these boys a liberal patron-
age and hope to see them both do
well.

Lawyers' Help Needed

BRODHEAD, KY.,
Feb. 20, 1919.

MR. E. S. ALBRIGHT,
Mt. Vernon, Ky.

Dear Mr. Albright:—Since the
anti-bootleggers convention was
held in your city I have heard
some discussion on the subject,
and everybody seems to be of the
opinion that the steps taken at
that meeting will to a great ex-
tent help to put the boot-legger
on the run. It is very true
when everybody will co-operate
with the Courts it is a mighty
easy matter to relieve our county
of crime.

I was greatly impressed with
this meeting, and I appreciated
the spirit that manifested itself.

With the great throng of people
who seemed to have met with one
purpose only in view, that of rid-
ing our county of the greatest
evil known to us.

But since that meeting I have
thought a great deal on the sub-
ject, and feel that we failed to
get the cooperation of one class
of professional men that is neces-
sary to get in order to make
this fight a howling success, and
it is that of the attorneys.

I realize that in a personal way
they are with us heart and soul
for I personally know every one
of them and know them to be
good Christian gentlemen; but it
is their profession, and their duty
too, to assist those who employ
them in cases of this character as
well as other violations of law.

What we should do is to get
these attorneys to agree to assist
in the prosecution of every case
of illegal selling of intoxicating
liquors, not only get them to agree
to assist, but we should employ
them to aid the Commonwealth
in prosecuting every case that
comes before our Courts for the
next two years, yes pay them and
pay them well for their efforts.

Just think of it, when a case
comes before any Court of our
county and a half dozen or more
of the best legal talent in the state
files into the court room and puts
forth their best efforts to convict,
use the same precaution in the
selection of juries as is done in
trying to secure an acquittal,
how long would it be that a boot
legger would refuse to be born?
How long would it be until he
would choose a different profes-
sion? Booze would leave, the
bootlegger would go and we
would have a county fit to live in
just as soon as it was known that
every lawyer in our county was
employed to prosecute this sort of
crime.

Is this worth trying? I be-
lieve that every lawyer in your
town would readily enter into
contract to prosecute these cases
if the good people would get
behind the move and agree to pay
them for their service. Then why
not give it a trial? I hope you
will agitate this matter and if it
meets with the approval of those
interested in seeing this sort of
crime stopped, then set to work
to accomplish it.

Very respectfully,
JOHN ROBINS.

Relieved of Catarrh Due to La Grippe, Thanks to

PERUNA

Mrs. Laura Berberick, 69 years old,
of 1205 Willow Ave., Hoboken, N. J.,
writes:

"Four years ago I had a severe attack of La Grippe. After my sickness I was troubled with hoarseness and a sore in the head and throat, and some medicine was of no benefit. Every winter for four years, I have had La Grippe (three winter three times). I was always troubled with slime, pain in my back and a terrible headache every morning, when I wake up, and had no appetite. I got a Peruna and Dr. Doan my doctor, and I read it got a very testimonial, and then bought a bottle of Peruna. To-day I can truthfully testify that Peruna has been a great benefit to me. It has given me strength, and I can work and sleep well. I have gained in weight three pounds, which I think is good for my age. I feel very strong now and am happy. Peruna I started in February and I use it yet. I feel cheerful and happy, thanks to Peruna. It will always be in my home and I recommend it to those who need it."

JUDGE CAM MULLINS

Mt. Vernon, Ky.

Dear Judge: One of my hob-
bies, so long as I am in Congress
shall be to get Federal Aid for
roads in our district. If we take
proper steps we can get substan-
tial aid this year. I am going to
Washington the first of the week
to be there about two weeks and
while there I intend to take this
matter up with the proper officials
there, and see what can be done.

When I return, I want to have a
meeting of the Judges and other
road officials of this section at
Corbin, and work out the plans,

and we will take the matter up
with the Road Commissioner at
Frankfort. I went to see him
last week on this matter.

The greatest need of our sec-
tion is better roads. We can get
Federal aid, and we must have it.
We must put forth the very best
effort in us to get results.

I know we can count on
you.

COUNCIL OF
NATIONAL
DEFENSE

The past ten years have shown
many changes in Rockcastle
County. The progress of the
County cannot be realized by per-
sons who have remained here, on-
ly by those who have been away
during that period. People gen-
erally show that they are wide a-
wake and interested in the general
welfare of the County, as well as
their personal interests. One

thing that for years has been ne-
glected and endured for the lack of
a united effort is the bootlegging
situation, but from the deter-
mined stand taken by the Circuit

and County Court, the people are
beginning to realize that this evil
can be overcome. There are re-
ports of violation of this law com-
ing in from different sections of

the County, showing that there
was no mistake made in the Com-
mittee that was appointed to help
dethrone King John Barleycorn,

who usurped his throne and has
been ruling the County for years

By the May term of Court when
another Grand Jury is impaneled
there will be nobody smiling and
winking when the proposition of
enforcing this law is named. Many
who have been worshipping at the
above throne will join the
revolutionist, and declare for law
and order, and those who have to
be shown that bootlegging will
stop, will be taught a dear lesson,
and one they will not soon forget.
